

Student Name:

Course Number:

Start Date:

End Date:

Note: Listed skills are abbreviated. For detailed descriptions refer to current Standards.

Academic or Practical Application	CR	CW	OW	Comments:	Academic or Practical Application	CR	CW	OW	Comments:	
ACADEMIC TOPICS										
Applied Sciences										
Diving Equipment										
Diving Risks										
Diving Environment										
Underwater Navigation										
Limited Visibility Diving										
Search and Recovery										
Light Salvage										
Deep and Simulated Decompression Diving										
SKILL REQUIREMENTS										
Perform selected basic scuba skills										
Perform selected rescue or assist skills										
Use dive tables to plan all dives										
Record dives in log books										
Navigate underwater										
Use appropriate equipment to perform selected tasks										
ACTIVITIES										
Required Dives										
Emergency procedures and rescue										
Deep/simulated decompression diving										
Limited visibility or night diving										
Underwater navigation										
Search and Recovery- light salvage										
Elective Dives										
Skin Diving										
Review of basic scuba skills										
Environmental study or survey										
Air consumption (practical application)					OPEN WATER DIVES: Instructor to accompany student during first dive in excess of 18 m (60 ft).					
Boat diving					<input type="checkbox"/> Dive #1	<input type="checkbox"/> Dive #2	<input type="checkbox"/> Dive #3	<input type="checkbox"/> Dive #4	<input type="checkbox"/> Dive #5	<input type="checkbox"/> Dive #6
Shore diving					<input type="checkbox"/> Dive #7	<input type="checkbox"/> Dive #8				
Hunting and collecting					NOTES/ADDITIONAL SKILLS/ACADEMIC REQUIREMENTS					
Special Interest										
EANx Diver Requirements: (if included)										
Academic Requirements (see current S&P)										
EANx Dive #1										
EANx Dive #2										
Written Examination
